Dear Dr. Lederberg:

Since I hope you are vain, you will like to have the sketches that appeared for the Modern Medicine Awards along with the folder of the entire crew. If you do not want them, I am sure your wife will.\* Personally, I find all of the sketches very good indeed, which proves that they are at least recognizable. Seriously, I hope you enjoy them.

It is a pleasure to give honor where it is due.

Cordially yours,

\* She certainly appreciates your thoughtfulness. Many thanks. Since that picture was taken, however, a few years have passed, so it does no longer represent the original, fortunately, as you may see from the ~~original~~ recent one you were sent.

Sincerely  
Esther M. Lederberg
